WHO ARE WE?

Skule™ Mental Wellness (SMW) is the University of Toronto’s mental wellness directorship for engineering students, which recognizes and addresses the importance and impact of mental health and wellness in everyday life. Our goals involve promoting and educating students on positive mental wellness practices, hosting de-stressing activities throughout the year, being a non judgmental liaison for obtaining both on and off campus resources, and creating a greater sense of community in Skule™. We wish to remind members of the Skule™ community that they are not alone, and that there are various resources and practices available for help.
WAYS TO REDUCE STRESS

- **Drop an obligation:** If you're juggling with many commitments and it is getting too much for you, talk to your club/team members to reduce your workload.

- **Identify your stressors:** Try to identify possible reasons for your stress, jot them down and look at them in the beginning of the week to manage them better.

- **Eat and sleep well:** An easily overlooked but extremely important point. Eat healthily and regularly and try to follow a sleep schedule.

- **Take up a hobby as a destressor:** Make time for your hobbies to unwind and clear your mind.

- **Make physical activity part of your daily routine:** Exercise releases endorphins which can help you deal with stress.

- **Take time out for friends and family members:** Set aside time at least once a week to do something fun with your friends or family members, and during that time try not to think about school or work.

- **Learn relaxation techniques:**
  a. Meditation and Yoga: Join free classes at UofT!
  b. Deep Breathing: Deep breathing is when you breathe from your ‘core’ or your diaphragm to relax.
  c. Music: Center your focus on your favourite tunes to clear your mind.
  d. Get creative: Art is a great way to express yourself and let your feelings out.
The Health and Wellness Centre provides the same health services as your family doctor. In addition to general health services, they provide individual psychotherapy, pharmacotherapy, on location counselling, and group therapy. They also run a number of workshops including Better Breathing, Better Skills, Mindful Moments: Meditation and Yoga, Mindful Eating: Food and Mood, safeTALK: Suicide alertness for everyone, and others.

The Multi-Faith centre runs a large variety of programs during the year to help students grow while exploring meaning, purpose, and identity. The programs and facilities encourage interfaith dialogue and learning for all students, as well as healthy living. Their programs include Meditation and Yoga, JourneyDance, monthly Massage Days, and more. You can also connect with chaplains of a number of different denominations and you can find a full list of the campus chaplains through the Multi-Faith Centre website.

LinkMentalHealth is a platform that connects people to in-person therapy regardless of what they can afford. On the platform, you will be able to see the coverage you receive through the UTSU’s health insurance plan. They also provide a list of free counseling programs available in your area and includes their wait times.
FEELING DISTRESSED?

**Academic Distress**
Academic Success 416-978-7970
Accessibility Services 416-978-8060
Engineering Registrar 416-978-1866, registrar@ecf.utoronto.ca

**Financial Distress**
If you are experiencing unexpected circumstances that are leading to financial difficulties, contact the Engineering Registrar at 416-978-1866, or email them at registrar@ecf.utoronto.ca

**Housing Distress**
Housing services 416-978-8045 ext. 0
If it is after hours and you don’t have a place to stay, contact: Campus Police 416-978-2323

**Emergency During University**
(Business hours: 9 am – 5 pm, Monday to Friday)
